

→ Installing Photoshop Brushes

Installing brushes can be very easy. All you need to do is follow these quick steps.

1. Download a brush collection at edfilms.net/shop
2. Locate downloaded file (.zip folder) and unpack contents of folder to find the .abr file.
3. You can either add the .abr file to your Photoshop / Presets / Brushes folder

Windows Path
C:\Program Files\Adobe\Adobe
Photoshop CC 2018\Presets\Brushes

Mac Path
~/Applications/Adobe/Adobe
Photoshop CC 2018/Presets/Brushes

Or import brushes in the Photoshop Brushes Panel
